26th May 2017

Dear Parents,

Staying Vigilant against the Spread of Communicable Diseases

Yesterday morning, we received reports of students having developed symptoms of diarrhoea and vomiting. We notified the Centre of Health Protection and the Food and Environmental Hygiene Department instantly. Officers from the two units came to our school yesterday afternoon to inspect the campus and collect information. The incident is now under investigation.

Our janitor staff members have been immediately instructed to follow the guidelines of the Centre of Health Protection in disinfecting the campus. In order to make the school a safe and healthy place for learning, we will continue to clean and disinfect the school premises regularly and urge staff and students to pay attention to personal and environmental hygiene. To safeguard students' health, parents are urged to maintain a hygienic household, and cooperate with us by reminding students to maintain personal hygiene. In this connection, you are kindly requested to observe the following:

- Remind your daughter to wash hands thoroughly before handling food and eating or after using the toilet;
- Help your daughter build up good body immunity by having a proper diet, regular exercise and adequate rest;
- Take your daughter's body temperature every morning. Do not send her to school if she has fever (oral temperature higher than 37.5°C, or ear temperature higher than 38°C), and consult a doctor;
- Inform the school immediately if your daughter cannot come to school due to sickness (General Office Tel. No.: 27242771);
- In case your daughter is not feeling well at school, pick her up from school and consult a doctor immediately.

You can be assured that for students who are absent due to sickness, teachers would provide learning support for them as far as possible so that their learning progress would not be affected.

Please return the reply slip, duly signed, to the Class Teacher by Monday, 29th May 2017. Thank you for your cooperation and may God bless you and your family!

Yours sincerely,

Ms. Janet Wong
Principal

Class . _____ Class No. _____

各位家長：

防禦傳染病

昨日早上，校方得悉有同學出現腹瀉和嘔吐徵狀，已立即通報衛生防護中心和食物及環境衛生署。有關部門下午派員到學校巡查及搜集資料，以進行調查。

昨日本校已按衛生防護中心的指引消毒校園。為保障學生健康，我們亦會加強清潔的工作，並籲請各位家長除了須保持家居清潔衛生，還與我們通力合作，提醒學生時刻保持個人及校園環境衛生。以下各項，謹請留意，並切實執行：

- 提醒子女在處理食物或進食前、如廁後須徹底洗淨雙手；
- 確保子女有均衡的飲食、適量的運動和充足的休息，以增強身體的抵抗力。
- 每天須在子女離家上學前為他們量度體溫，如學生有發燒情況(口溫高於37.5°C，或耳溫高於38°C)，則不應上學。
- 如發現子女有發燒的徵狀，應立即帶他求醫，並著他留在家中休息，待徵狀消失及退燒後，須多休息至少兩天，方可回校復課。
- 如學生因病需留在家中休息，家長請立即通知學校。(校務處電話：2724-2771)
- 與學校合作，將患病學生從學校接走，並即時求診。

若有學生因病缺課，學校會盡量為該等學生提供學習支援，使他們不會因缺課影響日後學習進度，家長無需憂慮。我們再次籲請各位家長與學校通力合作，保持家居清潔衛生，時刻提醒貴子弟注意個人衛生，做好一切防疫措施。請簽妥以下回條，並於五月二十九日前交回班主任老師。

主祐
闔家平安
