Dear Parents,

**Staying Vigilant against the spread of Influenza and other Respiratory Infections  
Additional Measure on Body Temperature Monitoring**

Recently, we have received reports of some students having developed symptoms of influenza and other respiratory infections. We notified the Centre of Health Protection and the Education Bureau instantly.

Our janitor staff members have been immediately instructed to follow the guidelines of the Centre of Health Protection in disinfecting the campus. In order to make the school a safe and healthy place for learning, we will continue to clean and disinfect the school premises regularly and urge staff and students to pay attention to personal and environmental hygiene. To safeguard students' health, parents are urged to maintain a hygienic household, and cooperate with us by reminding students to maintain personal hygiene. In this connection, you are kindly requested to observe the following:

- Take your daughter's body temperature every morning. Do not send her to school if she has fever (oral temperature higher than 37.5°C, or ear temperature higher than 38°C), and consult a doctor if influenza-like symptoms develop;
- Keep her home until symptoms have relieved and fever has subsided. Then, let her take rest for at least 2 more days before returning to school;
- Inform the school immediately if your daughter cannot come to school due to sickness (General Office Tel. No.: 27242771);
- In case your daughter is not feeling well at school, pick her up from school and consult a doctor immediately;
- Provide your daughter with handkerchiefs or tissue paper and remind her not to share towels or tissue paper with others;
- Help her build up good body immunity by having a proper diet, regular exercise and adequate rest;
- Ensure that she maintains good personal hygiene by washing hands after sneezing or coughing;
- Advise her to wear a mask to protect herself in crowded places.
- Advise her to avoid visiting crowded or poorly-ventilated public places.

For further information on influenza activity and prevention, you can go to the following website: [http://www.chp.gov.hk/en/view\\_content/14843.html](http://www.chp.gov.hk/en/view_content/14843.html).

*To protect the health of all students, in case any students are found to have a fever, we would need to contact parents to take them back home.*

You can be assured that for students who are absent due to sickness, teachers would provide learning support for them as far as possible so that their learning progress would not be affected.

Please reply through the eClass system on or before **Wednesday, 7 February 2018**. Thank you for your cooperation and may God bless you and your family!

Yours sincerely,

ST. MARY'S CANOSSIAN COLLEGE ST. MARY'S CANOSSIAN COLLEGE ST. MARY'S CANOSSIAN COLLEGE ST. MARY'S CANOSSIAN COLLEGE ST. MARY'S CANOSSIAN COLLEGE ST. MARY'S CANOSSIAN COLLEGE ST. MARY'S CANOSSIAN COLLEGE ST. MARY'S CANOSSIAN COLLEGE ST. MARY'S CANOSSIAN COLLEGE ST. MARY'S CANOSSIAN COLLEGE

各位家長：

防禦流感及其他呼吸道傳染病  
量度體溫的額外措施

近日，有部份同學出現流感徵狀，本校已立即通報衛生防護中心及教育局，並按衛生防護中心的指引消毒校園。

為防止流感傳播，我們亦會加強清潔的工作，並籲請各位家長除了須保持家居清潔衛生，還與我們通力合作，提醒學生時刻保持個人及校園環境衛生。以下各項，謹請留意，並切實執行：

- 每天須在子女離家上學前為他們量度體溫，如學生有發燒情況(口溫高於 $37.5^{\circ}\text{C}$ ，或耳溫高於 $38^{\circ}\text{C}$ )，則不應上學。
- 如發現子女有呼吸道感染或感冒徵狀，應立即帶他求醫，並著他留在家中休息，待徵狀消失及退燒後，須多休息至少兩天，方可回校復課。
- 如學生因病需留在家中休息，家長請立即通知學校。(校務處電話：2724-2771)
- 與學校合作，將患病學生從學校接走，並即時求診。
- 為子女提供手帕或紙巾，並提醒子女不應與他人共用毛巾或紙巾。
- 確保子女有均衡的飲食、適量的運動和充足的休息，以增強身體的抵抗力。
- 提醒子女保持良好個人衛生，打噴嚏、咳嗽或清潔鼻子後應立即洗手。
- 提醒子女在人多的公共場合時應戴上口罩。
- 提醒子女避免到人多擠迫而空氣流通欠佳的公眾地方。

家長如欲了解最新流感資訊和防禦措施，可瀏覽以下網頁：

[http://www.chp.gov.hk/en/view\\_content/14843.html](http://www.chp.gov.hk/en/view_content/14843.html)

為保障全體學生，若在校內發現學生有發燒情況，我們將立即聯絡家長，將學生從學校接回家。

若有學生因病缺課，學校會盡量為該等學生提供學習支援，使他們不會因缺課影響日後學習進度，家長無須憂慮。我們再次籲請各位家長通力合作，保持家居清潔衛生，時刻提醒貴子弟注意個人衛生，做好一切預防流感的措施。

請於二月七日(星期三)或之前在本校網上eClass系統回覆。

主祐  
闔家平安

校長 黃慧珍謹啓
